GENERAL INFORMATION FORM

Your cooperation in giving as completely as you can, the information requested in this form, will assist the Government in deciding upon your status as an alien enemy and in determining whether you should be released, paroled, or interned. An original and three copies of this form are to be filled out and the original sworn to before a notary public.

If you wish, you may take an extra copy of the form to use while you are securing the information. Then, when you are sure that you have answered all the questions clearly on this sample form, you may copy your answers on the four forms which are to be submitted.

Any immigration officer will be glad to explain the questions to you and assist you in filling out this form. The answers to the questions, however, must be your own answers and not those suggested to you by any other person. If you do not have room to answer certain of the questions in the space provided, you will find two blank sheets at the end of the form on which you may also write. All questions must be fully answered. If you write on these blank sheets, however, be sure to give the number or numbers of the questions which you are answering.

Be sure to answer every question. If you do not know the answer to certain of the questions and cannot find out, write "I do not know," and then explain why you cannot secure the information.

Your attention is called to Section 5392 of the United States Revised Statutes (Title 18, Section 231 U. S. C.) which provides that whoever having taken an oath in any case authorized by law subscribes to any material matter which he does not believe to be true is guilty of perjury and shall be fined not more than \$2,000 and imprisoned not more than 5 years. A false answer to any of the questions may affect the decision on your release, parole, or internment.

TITLE CHANGED TAMOTSU TAKISAKE, with alias Tamotsu Takisaki			CHARACTER OF CASE INTERNAL SECURITY - J ALIEN ENEMY CONTROL	

SYNOPSIS OF FACTS:

Subject a Japanese alien was arrested at Seattle, Washington on January 21, 1942 and placed in custody of Immigration Service, Seattle, Washington pursuant to a Presidential warrant issued for his arrest as a dangerous alien enemy. Subject was born in 1882 in Japan and first entered the United States in 1908. He has served as an instructor in Japanese kendo or fencing for Dai Nippon Butoku Kai and is a member of that organization, mere membership in which warrants the internment of a Japanese alien in the absence of special countervailing factors, according to instructions received from the Attorney General.

On January 21, 1942, Special Agents JAMES T. DUGGAN and HAMILTON C. BOWELL took into custody under an Executive Warrant TOMATSU TAKISAKI, 320-12th Avenue, Seattle, Washington, and with his signed permission to conduct a search of his premises and retain any letters, papers or materials being essential to this case, the following were obtained:

- 3 letters written in Japanese directed to Mr. TAKISAKI from Japan.
- 1 picture of a Japanese officer in uniform claimed by TAKISAKI to be his wife's nephew

TAKISAKI stated that he was born September 5, 1882 in Japan and that he has two brothers and one sister living in Japan and first came to this country in 1908. He returned to Japan about 1916 for a period of 18 months and then returned to the United States.

In 1936 he made a visit to Japan which lasted for about 4 weeks. TAKISAKI stated that his wife is dead and that he has 7 children ranging in age from 10 to 24 years; that the names of his children are as follows, in order of their age from the oldest to the youngest:

- MARY - Miyoko
- TERESA - Yukiko
- JAMES - Taro
- RAYMOND - Jiro
- MELODY - Hanako
- GRACE - Kasuko
- AGNES - Yuriko.

TAKISAKI advised that his son JAMES, who is a senior in high school in Seattle had been able to arrange attending school half of each day and care for the grocery business the other half and that as a result of his internment JAMES would probably be forced to leave school.

The following information concerning subject's pro-Japanese activities is contained in the files of the Seattle Field Division:

Confidential Informant SE-201 on July 28, 1941, advised that Dai Nippon Butoku Kai, Japanese kendo or fencing club, employed as an instructor TAMOTSU TAKISAKE. The "North American Times", a Japanese language newspaper published at Seattle, Washington, in its April 21, 1941 issue, reported that an outdoor tournament was to be held on April 27, 1941 by Dai Nippon Butoku Kai and that TAMOTSU TAKISAKE would act as umpire for this event. The news article also stated that YUKI SATO, Seattle Japanese Consul and president of the Seattle Chapter of Dai Nippon Butoku Kai, would give a lecture at the tournament and that CHUSABURO ITO and SHINJIRO MORITA would also speak.

Confidential Informant SE-249 advised that the subject was, in his opinion, pro-Japanese in his sympathies and that, as a matter of fact, it would be almost impossible for the subject to be other than loyal to the Japanese emperor in view of his long activity and leadership in kendo which emphasizes the importance of the Japanese race and which is a Japanese Government sponsored activity. Concerning the activities of Dai Nippon Butoku Kai, Confidential Informant SE-233 has advised that kendo play follows an extremely fanatical and nationalistic ritual based upon ancient Japanese history, drawing on the code of the Samurai, the ancient warrior class of Japan. The code of the Samurai was that those warriors owed blind loyalty to their leaders and it also subscribed to the theory that the Japanese emperor is divine and that all people of the Japanese race have some degree of divinity. It should be further noted that the Attorney General has instructed that mere membership in Dai Nippon Butoku Kai is sufficient grounds for internment of a Japanese alien in the absence of special countervailing factors because of the fact that the organization is subject to the control of the Japanese Government and is of a subversive character. The Seattle Dai Nippon Butoku Kai was originally organized by Japanese Consul OKAMOTO when he was stationed at Seattle, and all succeeding consuls have been ex officio president of the organization, due to the fact that the organization is sponsored by and integrated in an international organization of kendo clubs directed by the Japanese Government.

that he was a member of the Seattle Japanese Chamber of Commerce and the Maryknoll Catholic Church and that he admitted four contributions to Japanese agencies. The summary notes he was reported as a member of the Butoki Kai but subject denied membership, admitting he had been a paid instructor in Japanese fencing for four years; said he was suffering from a disease which prevented active fencing. The subject made a good impression on the Board, expressing a fervent desire for peace; deplored the unfair action of Japanese at Pearl Harbor.

Mr. Dennis comments that subject did not know how he felt about the war - did not want Japan to lose; that he was at the Japanese Consul's house for a New Year's party and was active in the Butoku Kai as a teacher; that he contributed to Japanese war relief.

Parole reports have been transmitted under date of March 9, 1943, November 4, 1943, May 20, 1944, October, 1944, March 15, 1945, and August 22, 1945. These reports note that subject is afflicted with diabetes which renders him unable to do physical work, the family being supported by subject's son and daughter. It also notes check with a former employer and supervisor, as well as sponsor and numerous other persons. None of the persons interviewed had derogatory reports. It is noted that subject in October 1944, was employed by a music company, repairing pianos and his employer commended him. With the exception of the last report, continued parole is recommended, the last report recommending release.

CONCLUSION: The reviewer concurs in the last recommendation of the I. & N. Service that subject be released. He is past 60 years old; is not capable of much physical activity; has been in the United States since 1907 and has 7 American born children. The only evidence of pro-Japanese sympathy is that he was reported as a member of the Butoku Kai and taught Kendo - Japanese fencing - and that he was rather non-committal at the hearing as to which country he wanted to see win the war. His length of residence in this country; several American born children, age and condition, as well as the fact that hostilities have ceased with Japan, appear to warrant his release.

D.J. File No. 146-13-2-82-51
C.O. File No. 39/3304
Spokane file No. 9075/1-293
Date parole ordered: 8/6/42
Date Parole effected: 8/31/42

Report of investigation in the case of TAMOTSU TAKISAKI, alien enemy parolee, 1115 West 4th Avenue, Spokane, Washington, conducted in accordance with Central Office letter of January 6, 1943, file No. 39/100.

Supplementing sponsor's and parolee's reports in this case, several residents in Spokane, Washington, having knowledge of the subject's conduct, attitude and activities during the period of his parole have been contacted, and their comments relative thereto are below-outlined.

On February 8, 1943, Mrs. KATHERINE CLAUSEN, West 1707 Pacific Avenue, the parolee's sponsor, was interviewed at her home. She advised that the subject had been quite conscientious in reporting to her regularly and that in addition to her contacts with him on those occasions she had been at the Takisaki home at various times. She stated that efforts had been made on her part to secure employment for the subject but that due to his professed inability to perform physical labor she had so far been unsuccessful. In addition, she stated that she had assisted in securing the release of the subject's son James (Taro) from the Minidoka War Relocation Center at Hunt, Idaho, and that she has frequently contacted all members of the Takisaki family residing in Spokane in connection with her church activities. Mrs. Clausen expressed her faith in the subject's trustworthiness and expressed the opinion that he had no subversive tendencies.

On the same date Deputy Sheriff EMIL VECCHIO of the Spokane County Sheriff's office stated that there had been no reports whatsoever relative to the subject parolee referred to that office.

On February 13, 1943, Officer August H. BETTINGER of the Spokane City Detective Division advised that no reports relative to the subject had been received in that office.

On February 17, 1943, Mrs. KIYO YUASA, 1101 West 4th Avenue was interviewed relative to her knowledge and contacts with the subject. Inasmuch as Mrs. Yuasa was unable to speak and readily understand the English language, her son MITSU acted as interpreter. Mrs. Yuasa is a native and citizen of Japan, Alien Registration No. 3794517, apparently a lawful resident of the United States. She advised that her son George married Miyoka Takisaki on December 23, 1942. She stated that her son George had been acquainted with the Takisaki family in Seattle, Washington, prior to their moving to Spokane but that she had not become acquainted with the subject until following his release on parole he had called at her home to thank her for the assistance which she had given to his minor children during the period of his detention. She stated the subject had been in her home approximately once a week since the time of his release

MAR 11 1943

but that to her knowledge and belief he had very few other acquaintances and contacts in Spokane. She expressed the opinion that Mr. Takisaki was a responsible and trustworthy person. Mitsu Yuasa advised that the subject parolee had been quite active in soliciting the younger Japanese boys who called at his home, visiting the Takisaki children, to attend the Catholic Church.

COMMENT AND RECOMMENDATION OF INVESTIGATING OFFICER

The subject has resided at 1115 West 4th Avenue, Spokane, Washington, since the date of his release on parole, in a house rented by him from a local real estate agency. At the present time there are no residents in this house other than the subject and the younger members of his immediate family. However, Shuzo Fujimura, alias John S. Fujimura, roomed with the subject at that address from November 16, 1942, until about March first of this year. Mr. Fujimura is the subject of Spokane File No. 9075/1-419, Alien Registration No. 2681374, and is apparently a lawful resident herein, who formerly resided at 403 10th Avenue South, Seattle, Washington, and evacuated from the Pacific Coast to Spokane in March, 1942, pursuant to a blanket evacuation order by the War Department. No evidence of any subversive or unAmerican activities on the part of Mr. Fujimura have been called to the attention of this office, and his present employer, Mr. James Ray, proprietor of the James Ray Garage has recommended him to me very highly, advising that the Union Oil Company had recommended Mr. Fujimura to him in the first instance. Mr. Fujimura has advised that he was acquainted with the subject parolee in Seattle, Washington, and had roomed with him here in order to assist the Takisaki family financially through the room rent which he paid. There is no reason to believe otherwise.

The subject parolee has not been employed since his release from detention, and claims that his being afflicted with diabetes renders him unable to do physical tasks. The family apparently exists on the money earned by the son Jiro, who is employed at a local cleaning establishment, and his daughter Hanako, who is employed at the Okawa Hand Laundry. The subject recently made application to the United States Attorney for a permit to travel to the Minidoka War Relocation Center at Hunt, Idaho, for the purpose of visiting his older daughter, who is a resident of such camp. He has advised that if a permit were issued he would not remain in that camp over three or four days before returning to Spokane and that the reason for such visit is purely of a social nature. To date the travel permit requested has not been issued.

From all available information the subject has confined himself almost exclusively to his home with the exception of regular church attendance and infrequent attendance at local theaters. Therefore, persons having knowledge of his conduct and activities are limited. The subject's sponsor, Mrs. Katherine Clausen, has shown personal interest in his welfare and has kept herself well informed as to his activities. Her monthly reports have been very satisfactory.

MAR 13 1945

The subject has appeared at this office in person to make his regular reports, and during interviews at such times he has responded in an open, frank manner and appears to be well adjusted to his present circumstances. He has expressed a desire to open a small antique shop here in Spokane.

In response to our letter to the local office of the Federal Bureau of Investigation they advise that no pertinent data concerning this subject is contained in the files of that Bureau that has not been previously furnished.

In view of my investigation and the entire record in this case I recommend that parole be continued.

C.O. File No. 39/3304
Spokane File No. 9075/1-293
D.J. File No. 146-13-2-82-51
Parole Period: February to October, 1943.

In accordance with Central Office letter of January 6, 1943, file No. 39/100, investigation was conducted in this case, relative to his conduct, attitude and activities during the above-mentioned period of parole. Such investigation supplements Sponsor's and Parolee's reports, and investigation conducted in February, 1943, by an officer of this Service.

Statements and opinions of persons interviewed are outlined below.

Mrs. KATHERINE CLAUSEN, West 1707 Pacific Avenue, Spokane, Washington, advised on October 22, 1943 that the subject had been reporting regularly to her, and in addition to these contacts, she saw him nearly every Sunday as the parolee regularly attended the same church as she. She stated that in her opinion, Takisaki at all times abided by the terms of his parole and with other regulations governing the conduct of aliens of enemy nationality and that he never seemed to do any traveling, always remaining at home with his family. Mrs. Clausen said she often visited the Takisaki home in connection with her sponsorship of the subject and church activities and had never been given reason to be suspicious of him or to doubt the advisability of parole in his case.

Mrs. Clausen seemingly takes a great deal of interest in the subject parolee's case, advising him, making efforts to secure work for him and otherwise assisting him in establishing a new home. In my opinion, she would, without a doubt, report any violation of parole or other regulations on the part of the parolee to this Service.

On the same date, RALPH SMITH, Criminal Deputy at the Spokane County Sheriff's Office, advised that no reports concerning the subject parolee had been received in his office.

Mr. RALPH BUCKLEY, Spokane County Identification Officer also advised that there was no record relative to the subject parolee in the files of the Identification Bureau.

City Police Identification Officer GEORGE BERG advised on the same date that his Bureau had no record relative to Mr. Takisaki.

On October 29, 1943, Mr. ROY GOODMAN, owner of the Goodman Piano Company, West 909 Riverside Avenue, of this city, stated he had heard nothing but the best regarding the subject; that Takisaki had been employed by him for approximately six months and during that time had performed very satisfactory work; that nothing had ever come to his attention, causing him to be suspicious of the parolee or to think that he was acting as other than loyal to the United States. Mr. Goodman

said that the parolee never seemed to associate with any one any more than necessary and seemingly had not made any friends in Spokane. He further advised that as he had seen the parolee at least twice a day except Sunday, since employing him, he had become quite well acquainted with him; therefore, he would recommend that Takisaki be allowed to remain on parole, thereby being of more benefit to the United States than he would be if interned.

On the same date Mr. ALFRED CROWSTON, employee at the Roy Goodman Piano Shop, under whose supervision the parolee works, advised that since coming to work with him, Takisaki had given no indication of disloyalty to the United States nor had he been given cause to be suspicious of the subject in any way. Mr. Crowston further said that Takisaki resided only a short distance from his place of employment and never seemed to have any outside activity or interests other than his work and family. He said that he and the parolee frequently discussed the war situation and due to these discussions, he was of the opinion that Takisaki was in favor of the United States winning the present war. He advised that insofar as he knew, and inasmuch as the parolee's attitude indicated loyalty to the United States, he was of the opinion that the subject should be allowed to remain on parole.

None of the persons listed above are in any way related to the subject parolee.

COMMENT AND RECOMMENDATION OF INVESTIGATING OFFICER

The subject parolee resides at 1115 West Fourth Avenue, Spokane, Washington, and is employed at the Goodman Piano Repair Shop. He is apparently satisfied with his place of employment and reconciled to his present position. Mr. Takisaki is not in the best of health and the light work he is doing at his present place of employment is apparently much to his liking.

The parolee reports regularly in person to this office and upon interview at such times, seems to be fairly well satisfied and at no time has given any indication of having violated any of the terms of his parole or being subversive in any manner.

Mrs. Clausen, the subject's sponsor, conscientiously submits the required reports in this case and as she has quite an interest in his welfare, it is obvious that she is a suitable sponsor for the subject.

The subject parolee's outside activities are apparently very limited; therefore it is not possible to contact many persons having personal knowledge of his conduct and activities. However, inasmuch as he resides in Spokane and is frequently in contact with officers of this Service, it is thought that any suspicious act or violation of the parole would have come to the attention of this Service, either through such contacts, his sponsor or other local law enforcement agencies. It is therefore thought that he is complying with the terms of his parole and with the regulations governing the conduct of aliens of enemy nationalities.

In view of this investigation and the entire record in this case, I recommend that the subject parolee be allowed to remain on parole with no change in the conditions and terms thereof.

who was paroled on August 6, 1942

Report of investigation in the case of the above-named alien
enjoy parole made at Spokane, Washington on May 17, 18 & 19 1944 4

SYNOPSIS AND COMMENT

Subject has resided at West 1115 Fourth Avenue with his family of six children since released to Spokane on parole. He appears to not have many close acquaintances although he does attend church regularly at Our Lady of Lourdes Catholic Church which is located at West 1115 Riverside. He is well accepted in the neighborhood and apparently has not been molested in any way nor has he been the object of any unfavorable comments insofar as is known. It was the opinion of all persons interviewed that his conduct had been satisfactory and nothing of an adverse nature was developed.

RECOMMENDATION

It is recommended that the subject be allowed to continue his parole under the same conditions as before.

EMPLOYMENT AND ADDRESS OF PAROLEE

The subject is employed by Roy Goodman who operates a music store and piano repair business at West 909 Riverside. However, the parolee's place of employment is located at the corner of Fourth and Maple which is the work shop where pianos and furniture are reconditioned.

RESULTS OF CHECKS WITH OTHER LAW ENFORCEMENT AGENCIES

All local law enforcement agencies were contacted and none of them had any record of reports regarding the subject.

INFORMATION OBTAINED

MRS. KATHERINE CLAUSEN, sponsor of the parolee was interviewed on the seventeenth instant at which time she stated that she saw subject almost every Sunday at church in addition to his scheduled reports to her as she and the subject both attended Our Lady of Lourdes Catholic church which is located at West 1115 Riverside. She said that his wife was now deceased but that she thought all his children now reside with him at his home in Spokane. In fact, she knew that two younger daughters were still attending school. Mrs. Clausen did not think the subject had many friends with whom he associated inasmuch as his children and church activities occupied most of his time, also, that his health was not of the best. She said that in her opinion Mr. Takisaki was a dependable and honest man and she had observed nothing in his activities or attitude that would indicate that he was in any way disloyal to the United States or not deserving to be paroled.

ROY GOODMAN, the subject's employer, was interviewed on the eighteenth instant at which time he stated that Mr. Takisaki was a very good workman and seemed quite industrious. In fact he knew of several occasions where he had worked longer than was required of him because he chose to do so. Mr. Goodman said that the better he became acquainted with the subject the more confidence he had in him. He felt that he was not only dependable but in his opinion above suspicion as he had seen nothing that would make him in any way uneasy about his conduct or attitude. Mr. Goodman stated that the present salary paid to the subject was \$35 a week for a 42 hour work week.

MR. ALVIN ANDERSON and CHARLES DELLUGGE were interviewed on May 18 at the Inland Auto Top Shop which is located across the street from the subject's home and both stated that they were acquainted with Mr. Takisaki and had talked with him on various occasions, that although neither one of them regarded the Japanese race with much favor they did think that the subject had conducted himself in a very credible fashion during the time that they had known him. He appeared to be a good worker and his family was very well

behaved. They had never seen any activities that would make them uneasy or suspicious in any way.

MR. HOWARD F. BALL and MRS. DODD of the Ball and Dodd Funeral Home were interviewed on the eighteenth instant and they both stated that although they were not well acquainted with the subject they did see him going to and from work and know that he had several children residing with him. They both said that they had never engaged him in any conversation but that everything about his household appeared to be in order and that he seemed to enjoy a respected position in the neighborhood. It was noted at this time that Mrs. Dodd was particularly opposed to the Japanese race and their residence in the neighborhood so it would seem that had she observed anything unusual she would not have hesitated to mention it.

MR. ALFRED CROWSTON, who supervises the subject's work in the shop at the corner of Fourth Avenue and Maple Street stated when interviewed on the eighteenth instant that his associations with subject had been very satisfactory. He said that he was a particularly good workman and that he was very industrious and seemed well satisfied with the work he was doing. He stated that his personal acquaintance with the parolee over the period of a year had made him feel that he was entirely trustworthy and probably more loyal to this country than he was to Japan. Mr. Crowston stated that he did not base this opinion on any particular statement but rather on the subject's general attitude toward many things that had to do with the war and various conversations they had had. Also, the subject had expressed the opinion that he thought it was extremely unfortunate that the Japanese government had taken some of the steps it had because it would handicap Japanese who were loyal to the United States for many years to come. He said that he had met Mr. Takisaki's son and son-in-law and they seemed to have a good normal outlook and seemed to fit in well with the American way of life. Mr. Crowston added that he felt that it was entirely appropriate that the subject be allowed to continue in his present parole status as he had observed absolutely nothing that would make that decision seem improper.

The subject of this file was interviewed on the nineteenth instant at his place of employment at the corner of Fourth and Maple. He stated that he was well satisfied with his work as he was familiar with this type of work and enjoyed it. Also, he received fair wages and had been treated quite considerably by his employer. The subject has six children living with him, his wife being deceased. His oldest daughter, Mary, is married and she and her husband, Mr. Ruana, also reside with the Takisaki family. One son, James, is employed in the used car business. Raymond works for the American Laundry and also a daughter, Beelda, is employed there. He has a daughter, Kayuko, attending Merrycliff Catholic High School in Spokane, and a younger girl, Yuriko, attends Our Lady of Lourdes Grammar School. The subject stated that he felt that he was rather

fortunate inasmuch as he had been able to secure a place to live where his family could reside with him and also have convenient and satisfactory employment. He added that the neighbors had been very considerate and that he had been subject to no embarrassment of any kind because of his race. Mr. Takisaki did express the desire, if possible, to be released from the terms of his parole but added that if this were not convenient he would not feel badly disappointed.

On interview the nineteenth instant, PETE ATKINS stated that he had seen the subject on numerous occasions and also was acquainted with his two younger girls. Mr. Atkins said that of course he did not know what took place within the Takisaki home but as a whole their conduct seemed to be very commendable and he had observed absolutely nothing that would make a person uneasy or suspicious of their actions. Mr. Atkins added that his wife had talked with the two younger daughters quite frequently and had been very well impressed with their actions and conduct.

who was paroled on August 6, 1942

Report of investigation in the case of the above-named alien
enemy parolee made at Spokane, Wash. on Oct. 15, 14 1942.

SYNOPSIS AND COMMENT

Parolee has been a resident of the United States since 1907 and has resided here since except for two trips to Japan. He was apprehended by the Fed. Bureau of Investigation on January 20, 1942 at Seattle, Wash. The subject was detained at Fort Lincoln and received an order of parole from the Attorney General under date of August 6, 1942. He was paroled to Spokane, Wash. and has remained here since that time living with his family and six children at W. 1115 Fourth Ave. He regularly attends Our Lady of Lourdes, Catholic church at W. 1115 Riverside. Nothing was found during this investigation which would tend to indicate that parolee was violating his parolee agreement.

RECOMMENDATION

That parole be continued.

EMPLOYMENT AND ADDRESS OF PAROLEE

The subject is employed as a piano refinisher for the Roy Goodman Music Company, located at W. 609 Riverside, Spokane, Wash. Subject works at the repair shop of this company located on Fourth and Maple, Spokane. He resides at 1115 Fourth Ave. Spokane, Wash.

RESULTS OF CHECKS WITH OTHER LAW ENFORCEMENT AGENCIES

Local police and county sheriff offices were contacted and nothing was found which would indicate that he has been arrested or that any complaints have been made against him.

INFORMATION OBTAINED

Parolee was contacted at his place of work on Fourth and Maple street in Spokane and reported that he was getting along fine with his work. He was working alone at the time of his interview and stated that sometimes there is another man who works with him but who spends some of his time at the Music store. Parolee states that he has never had any trouble with people he has come into contact with or worked with or that he has done nothing which would cause anyone to be against him. He states that he is satisfied with his job and likes the work very much.

Mrs. Kathryn Clausen, parolee's sponsor, states that he reports to her regularly and classes him as dependable and honest. She sees him regularly as they both attend the same church, Our Lady of Lourdes Catholic Church located at W. 1115 Riverside. Mrs. Clausen said that she had observed nothing in his activities or attitude that would indicate that he was not living up to his parolee's agreement or that he was dangerous to the best interests of the United States.

Alvin Anderson and Charles Dellugg were both interviewed at the same time and place as they occupy the same shop which is across the street from the subject. They both report that they are aware of the subject and that what they have seen of his home life, they could find nothing to criticize. They state that several Japanese families live in the neighborhood and although they did not like to admit it, the Japanese made good neighbors as they are quiet and mind their own business. Mr. Anderson and Mr. Dellugg could not recall anything that would lead them to be suspicious or doubtful of the activities of the parolee.

Roy Goodman, the parolee's employer, reports that he is very satisfied with his work and that he feels that the parolee has proven himself to be trustworthy, honest and extremely loyal. He said that Mr. Takisaki has tried very hard to be satisfactory and has been more than willing to do his share of the work, working overtime many times and not claiming any overtime pay. Mr. Goodman said that he feels that parolee has proven himself and has done nothing which could be considered dangerous to the interest of the United States.

TAMOTSU TAKISAKI, Japanese Alien who was Paroled on August 31, 1942

The Report of Investigation in the case of the above-named alien enemy parolee was made at Spokane, Washington on March 9, 1945.

SYNOPSIS AND COMMENT

Subsequent to the last report of investigation submitted on October 24, 1944, the subject parolee has continued his employment as a piano refinisher for the Roy Goodman Music Store. This work is performed at the refinishing shop of the above-mentioned store which is located at Fourth Avenue and Maple Street in this city.

Information obtained by interviews and a search of the subject's files reveals that apparently he has performed no travel away from Spokane. He does not visit any people in the city and is abiding by all the regulations governing alien enemies and his Parole Agreement. He is conducting himself in a proper manner, and he has aroused no suspicion in the minds of the people with whom he comes in contact. He produced evidence of his having registered for Selective Service.

The parole reports file in this case reveals that both he and his sponsor are reporting to the District Parole Officer as required by the agreements, and it is the opinion of the investigating officer that, although he has made no direct contribution to the war effort, his being on parole is not detrimental to the best interests of this country.

RECOMMENDATION

It is recommended that parole under the present existing conditions be continued.

EMPLOYMENT AND ADDRESS OF PAROLEE

The subject is employed as a piano refinisher at Fourth and Maple in this city, and resides with his family at W. 1115 Fourth Avenue.

RESULTS OF CHECKS WITH OTHER LAW ENFORCEMENT AGENCIES

A complete check of the records at the offices of the Chief of Police and the County Sheriff reveals no record of any violations by the subject.

INFORMATION OBTAINED

MRS. KATHERINE CLAUSEN, a citizen of the United States, was interviewed on March 9, 1945 at her residence and stated that as sponsor in that case she sees the subject each week when he makes his scheduled report to her, and in addition she sees him at church almost every Sunday as both he and Mrs. Clausen attend Our Lady of Lourdes Catholic Church regularly. Mrs. Clausen stated that she did not believe that TAKISAKI has many associates, other than his immediate family and those persons with whom he works or meets while attending church. She added that in her opinion the subject was a dependable and honest man and would conform to the regulations of his parole to the best of his ability, and that she had observed nothing in his activities or attitude that would indicate to her that his being on parole would endanger the internal security of this country.

MR. ROY GOODMAN, a United States citizen, stated that he has employed this subject for approximately two years, and that during that period nothing has come to his attention that would lead him to believe that TAKISAKI was not entirely loyal to the United States or that he should not be allowed to remain on parole under the present conditions. Mr. Goodman added that the subject is a good worker and often returns to the shop at night voluntarily to finish some bit of work or to see that the proper temperature for the drying of varnish is maintained. Mr. Goodman further added that the subject is not only dependable; but, in his opinion, is above suspicion, and even if released from parole would in no manner constitute an internal security problem for this country.

MR. A. L. CROWSTON, a citizen of the United States who supervises the subject's work, stated that he was a particularly good workman, very industrious and apparently well-satisfied with his present employment. He added that his acquaintance and close association with TAKISAKI for approximately two years left no doubt in his mind that the subject was entirely trustworthy and loyal to this country and should be permitted to

continue in his present parole status. Mr. Crowston advised that these opinions were not based on any particular statement made by the subject; but rather on his general attitude toward many things connected with the war effort and also by the fact that he has one son and a son-in-law in the armed forces of this country and another son that will soon be inducted.

MR. JACK GRAY, a United States citizen employed at the Roy Goodman Music Store, states that, although he does not come in contact with the subject frequently, that he has heard no unfavorable comment by fellow employees concerning the subject, and it is his opinion that he is conforming to the regulations of his parole, for if he were not, there would undoubtedly be some adverse comments made by employees who come in contact with both he and the parolee frequently.

MRS. DAN LOGUE, a United States citizen who resides with her husband at W. 1111 Fourth Avenue, stated that she has lived as a next-door neighbor to the TAKISAKI family for more than two years. During that period she has seen the subject parolee almost daily and has talked with him on many occasions; but, has never seen or heard of anything that would indicate that either he or his children were not entirely loyal to the United States, and in view of the fact that the subject now has a son and a son-in-law in the armed forces of this country, it is her opinion that this subject's continued liberty on parole will in no manner jeopardize the internal security of this country. Mrs. Logue stated that she seldom sees anyone enter the TAKISAKI home other than members of the immediate family and a Catholic priest from Our Lady of Lourdes Church in this city. She further stated that TAKISAKI and his children attend the above-mentioned church regularly; but aside from this their activities seem to be confined to the regular daily routine of going to and from work or school.

TAMOTSU TAKISAKI, the subject parolee, was interviewed on March 8 at his place of employment and stated that he does not own or possess any of the articles prohibited to aliens of enemy nationalities, that he reports regularly to his sponsor and the District Parole Officer as required, that he has performed no travel away from Spokane, Washington, and that he is endeavoring to conform to all regulations set forth to govern aliens of his status. He stated that his activities are confined to a minimum due to the fact that his wife is deceased, and the care of his family, consisting of six children, is his sole responsibility, that he does, however, attend church regularly, and very infrequently attends a motion picture show. His associates consist mainly of members of his immediate family, fellow church members, and the employees of the Roy Goodman Music Store where he is employed; but aside from his immediate family, he does not visit with anyone in Spokane. He further stated that he has a son-in-law and one son in the United States Army and another son, now at home, has received notice to report for induction and will do so later this month. Mr. TAKISAKI further stated that, although he

MEMORANDUM FOR CHIEF OF REVIEW SECTION - ALIEN ENEMY CONTROL UNIT

August 3, 1942

146-13-2-82-51
(West. Dis. Wash.)

TAMOTSU TAKISOKI.

BOARD'S RECOMMENDATION: Parole.

CHARGE: Officer of Dai Nippon Butoku Kai.

EVIDENCE: Subject is a Japanese alien 60 years of age. He first came to this country in 1907. Since then, he has returned to Japan twice; once for 6 months in 1916, and once for 3 months in 1937. During most of his stay in this country he has lived in Seattle, Washington. Subject had 13 years of grammar school and high school in Japan; also 2 years in Tokyo Foreign Language School. He claims to have a special knowledge of the English language. At the time of apprehension he was retired. Up to 1940, he had been in the grocery business which is now being conducted by his children. Subject was married to a Japanese alien who died in 1937. He has 7 children, ages 12 to 24, all born and presently residing in the United States. He, himself, suffers from diabetes. Apparently, his mother is still alive and is living in Japan and there are no other living relatives listed in answers to the questionnaire. He is a Catholic by religion and was Vice-President of the St. Francis Xavier of St. Vincent De Paul Society.

According to the F.B.I. reports, subject was apprehended on January 21, 1942, on the basis of information that he was an instructor in Japanese fencing for the D.N.B.K., membership to which warrants internment according to instructions of the Attorney General. A search of his premises at time of apprehension disclosed 3 letters written in Japanese, the translation of which is not yet available, and a photograph of a Japanese officer in uniform, claimed by the subject to be that of his wife's nephew. In an interview given at time of apprehension, the subject stated that he had two brothers and one sister living in Japan. A confidential informant advised that the subject was an instructor in fencing with the D.N.B.K. The Japanese language newspaper, the North American Times, in its issue of April 21, 1941, reported that at an outdoor tournament of the D.N.B.K. the subject would act as umpire. Another confidential informant stated that the subject was pro-Japanese in his sympathies.

A transcript of the evidence given at the hearing before the Board discloses that the subject took a trip to Japan in 1916 for the purpose of visiting his parents and getting married, that he took a trip to Japan in 1937 for the purpose of visiting his and his wife's parents, that his children were never registered with the Japanese Consul for dual citizenship, that his children had never attended a Japanese language school, that the subject had no relatives in the Japanese governmental service, that the subject belonged for 3 years to the Japanese Association. Subject denied that he was a member of the D.N.B.K. but admitted that he served as an instructor in fencing at no definite salary. He stated that he accepted the job because he was urged to do so and did not do it for any financial reason. He stated that he had been a Catholic for ten years, that he goes to church every Sunday and that his wife was buried from a Catholic Church in a Catholic cemetery. He stated that he had no property in Japan, that he didn't want Japan to lose the War because he didn't want anybody to lose; that he didn't want Japan to win either. On the other hand, he didn't want the United States to win. He told the Board that in his opinion Japan was not fair in its attack on Pearl Harbor and that he was praying for peace without either side winning the War. He explained to the Board that the reason he was asked to be an instructor was that he had been a high school champion in Japan. The Board in its report states that the subject impressed them as being "well-educated, intelligent, honest and sincere". The Board considered this subject co-operative. It therefore recommended that he be paroled on condition that he join his evacuated children in Spokane, Washington, to remain there for the duration of the War. Specifically, the Board recommended that the subject be "paroled without bond" but subject to supervision.

The United States Attorney dissented from this recommendation and suggested that the alien be interned mostly on the ground that the subject stated that he did not want Japan to lose the War. Moreover, the United States Attorney pointed out that the subject had been present at a New Year's party in the Japanese Consul's house and had been active in the D.N.B.K. The United States Attorney also pointed out that the subject contributed to the Japanese relief fund.

DISCUSSION: If it were proven definitely that this subject was a member of the D.N.F.K., there is no doubt but that a recommendation of internment would be mandatory as per the Attorney General's instructions. An examination of the evidence, however, does not disclose proof of such membership. To be sure, this man was an instructor but his explanation of his employment as such seems reasonable and consistent with his acting as such for a remuneration of some sort. In my opinion, the fact that this man is 60 years of age and is suffering from acute diabetes militates against the possibility that he can be a dangerous alien, particularly in the light of his large family and the fact that they are all in this country. It is significant that he did not register his children for dual citizenship and that they did not attend a Japanese language school. It seems to me that parole on the condition that the subject remain with his family at their evacuation post and on the other condition that he report periodically to the officer in charge of such evacuation camp would protect the interests of the United States during this emergency.

RECOMMENDATION: Parole as here indicated.

REPORT MADE AT Seattle, Washington	DATE WHEN MADE 4/7/42	PERIOD FOR WHICH MADE 3/21, 3/26/42	REPORT MADE BY S. F. TREMAYNE
TITLE TAMOTSU TAKISAKI, with alias Tamotsu Takisaki		CHARACTER OF CASE INTERNAL SECURITY - J ALIEN ENTRY CONTROL	

SYNOPSIS OF FACTS: Subject a Japanese alien was arrested at Seattle, Washington on January 21, 1942 and placed in custody of Immigration Service, Seattle, Washington pursuant to a presidential warrant issued for his arrest as a dangerous alien enemy. Subject was born in 1882 in Japan and first entered the United States in 1900. He has served as an instructor in Japanese Kenjū or fencing for Dai Nippon Butoku Kai and is a member of that organization, mere membership in which warrants the internment of a Japanese alien in the absence of special countervailing factors, according to instructions received from the Attorney General.

COPIES OF THIS REPORT 3 Bureau 2 USA, Seattle 1 USIAMS, Seattle 1 CHI, Seattle 1 S-2, Seattle 3 Seattle		Docketed

On January 21, 1942, Special Agents JAMES T. DUGGAN and HAMILTON C. BOWELL took into custody under an Executive Warrant TOMATSU TAKISAKI, 320-12th Avenue, Seattle, Washington, and with his signed permission to conduct a search of his premises and retain any letters, papers or materials being essential to this case, the following were obtained:

- 3 letters written in Japanese directed to Mr. TAKISAKI from Japan
- 1 picture of a Japanese officer in uniform claimed by TAKISAKI to be his wife's nephew

TAKISAKI stated that he was born September 5, 1882 in Japan and that he has two brothers and one sister living in Japan and first came to this country in 1908. He returned to Japan about 1916 for a period of 18 months and then returned to the United States.

In 1936 he made a visit to Japan which lasted for about 4 weeks. TAKISAKI stated that his wife is dead and that he has 7 children ranging in age from 10 to 24 years; that the names of his children are as follows, in order of their age from the oldest to the youngest:

- MARY - Miyoko
- TERESA - Yukiko
- JAMES - Taro
- RAYMOND - Jiro
- IRENE - Hanako
- GRACE - Kasako
- AGNES - Yuriko.

TAKISAKI advised that his son JAMES, who is a senior in high school in Seattle had been able to arrange attending school half of each day and care for the grocery business the other half and that as a result of his internment JAMES would probably be forced to leave school.

The following information concerning subject's pro-Japanese activities is contained in the files of the Seattle Field Division:

Confidential Informant 88-301 on July 28, 1941, advised that Dai Nippon Butoku Kai, Japanese kendo or fencing club, employed as an instructor TADOTSU TAKISAKE. The "North American Times", a Japanese language newspaper published at Seattle, Washington, in its April 21, 1941 issue, reported that an outdoor tournament was to be held on April 27, 1941 by Dai Nippon Butoku Kai and that TADOTSU TAKISAKE would act as umpire for this event. The news article also stated that YUKI HAYO, Seattle Japanese Consul and president of the Seattle Chapter of Dai Nippon Butoku Kai, would give a lecture at the tournament and that CHUSABURO ITO and SHINJIRO MURITA would also speak.

Confidential Informant 88-249 advised that USA subject was, in his opinion, pro-Japanese in his sympathies and that, as a matter of fact, it would be almost impossible for the subject to be other than loyal to the Japanese emperor in view of his long activity and leadership in kendo which emphasizes the importance of the Japanese race and which is a Japanese Government sponsored activity. Concerning the activities of Dai Nippon Butoku Kai, Confidential Informant 88-233 has advised that kendo play follows an extremely fanatical and nationalistic ritual based upon ancient Japanese history, drawing on the code of the samurai, the ancient warrior class of Japan. The code of the samurai was that those warriors owed blind loyalty to their leaders and it also subscribed to the theory that the Japanese emperor is divine and that all people of the Japanese race have some degree of divinity. It should be further noted that the Attorney General has instructed that mere membership in Dai Nippon Butoku Kai is sufficient grounds for internment of a Japanese alien in the absence of special countervailing factors because of the fact that the organization is subject to the control of the Japanese Government and is of a subversive character. The Seattle Dai Nippon Butoku Kai was originally organized by Japanese Consul OKAMOTO when he was stationed at Seattle, and all succeeding consuls have been ex officio president of the organization, due to the fact that the organization is sponsored by and integrated in an international organization of kendo clubs directed by the Japanese Government.

ALIEN ENEMY HEARING BOARD NO. 2
WESTERN DISTRICT OF WASHINGTON

- - - - -

In re The Detention of

TAMOTSU TAKISAKI

The above matter came on for hearing before this Board at Fort Lincoln, Bismarck, North Dakota, on April 18, 1942, all members of the Board being present. Mr. Allan Pomeroy, Assistant United States Attorney at Seattle, Washington, Mr. R. L. Flanders, Special Agent of the Federal Bureau of Investigation, Seattle, and Mr. R. B. Flannigan of the United States Immigration and Naturalization Service, Fort Lincoln, North Dakota, were also present.

UPON CONSIDERATION WHEREOF it is hereby recommended that the said alien enemy be PAROLED WITHOUT BOND, but subject to supervision.

SUMMARY OF FACTS AND OPINION

THE BOARD FINDS that this alien is a Japanese national, sixty years of age, who entered the United States in 1907. He made one trip to Japan of six months' duration in the years 1916 and 1917, for the purpose of visiting his parents and to be married. He made another trip of three months' duration in 1937 to visit his wife's parents. He is a widower. He has two sons (eighteen and seventeen years of age, respectively), and five daughters (twenty-five, twenty-three, sixteen, fifteen and thirteen years of age, respectively). The children do not have dual citizenship. He is employed at a grocery store, owned by his children, at 320 Twelfth Avenue, Seattle, Washington.

He has been a member of the Seattle Japanese Chamber of Commerce and the Maryknoll Catholic Church, and admits four contributions to Japanese welfare agencies.

The Federal Bureau of Investigation report of Special Agent Tremayne, indicating that the alien was pro-Japanese in his sympathies and active in Dai Nippon Butoku Kai, was apparently the basis for the apprehension of this alien. The alien denied membership in Dai Nippon Butoku Kai but admitted that he has been its paid instructor in the art of Japanese fencing for the past four years, explaining that he received

Bookoted

as pay for this work monthly amounts varying from nothing at all to fifty dollars. He further stated that his selection as an instructor arose from the fact that he had been a high school champion in Japan and that because he was suffering from diabetes he could not participate in the fencing bouts but acted as an adviser only.

Five of his children (one son and four daughters) are presently in Spokane, Washington, being voluntary evacuees from the Pacific Coast area, the other two children remaining in Seattle to salvage as much as possible from the business which had been conducted there.

The impression made upon the Board at the hearing was of a well educated, intelligent, honest and sincere man, who wanted to be cooperative. He expressed the fervent desire for peace on the basis of neither side being victorious in the war, and deplored the unfair action of the Japanese at Pearl Harbor. The opinion of the Board is that this alien is not dangerous, and that he would join his voluntarily evacuated children in Spokane, Washington, and remain there for the duration of the war. It is therefore the recommendation of the Board that this alien be PAROLED WITHOUT BOND, but subject to supervision.

Copies of all reports and documents considered by the Board at this hearing are listed below and attached hereto:

The alien enemy's questionnaire which was verified by him on January 27, 1942, at Seattle, Washington.

FBI report dated Seattle, Washington, April 7, 1942, by S. F. Tremayne, file number 100-5670.

The alien was not accompanied by an adviser.

Dated this 28 day of May, 1942.

I dissent, and recommend internment. See my letter of July 21, 1942, attached.
